Profile

Final-year Diploma in ICT: Application Development student at CPUT, working towards becoming a full-stack developer focused on secure and scalable systems. I build with Java and Spring Boot on the backend and React and Next.js on the frontend, and I have hands-on networking and hardware experience from working as a field technician.

Experience

Aug 2025 to Jan 2026 · Jul 2026 to Oct 2026

IT Field Technician · Craythorne IT

- Network setup and troubleshooting for clients on site
- Router configuration, Wi-Fi and mesh setup
- Hardware support and cabling

Selected projects

2026 · Group 26 · React, Supabase, PostgreSQL

GoldenWay · Driver role developer

- Built the Driver role of a multirole transit app for Golden Arrow commuters: starting runs, delay reporting, run timelines and on-time tracking
- Found and fixed a row-level security hole that let any staff account fake a bus run and send false alerts to commuters
- Wrote 6 database migrations; work merged through 4 pull requests (Agile eWIL)

2026 · Six-person team · Next.js, TypeScript, Supabase

PracticeFlow CRM · Frontend developer

- Frontend for a medical practice CRM covering patients, appointments, clinical workflows and staff admin

2026 · Group project · Spring Boot, Java, MySQL

MediTicket 2 · Patient module

- Built the patient module across the Spring Boot backend and the Java Swing frontend

2026 · Group project · Spring Boot, React, MySQL

UniExchange · Campus marketplace

- Built the campus bulletin and the listing details page for a CPUT student marketplace

Education

2024 to 2026 · graduating April 2027

Diploma in ICT: Application Development

Cape Peninsula University of Technology

2018 to 2022

National Senior Certificate

Hopefield High School

Skills

Languages

Java · JavaScript · TypeScript · Python · PHP · SQL

Frameworks

Spring Boot · React · Next.js · Laravel · Tailwind CSS

Databases

MySQL · PostgreSQL · Supabase

Tools

Git & GitHub · VS Code · IntelliJ · Figma

Networking & hardware

Router config · Wi-Fi & mesh · Cabling · Troubleshooting

Interests

Web development, cybersecurity, networking and systems, AI.
